***Please attach the following information, as applicable:***

1. A proposed calendar of events, including design, plat approval, construction phasing and initial occupancy.
2. If applying for a single tap that requires a line extension, road bore, or upsizing of LHM WSC facilities, please provide maps or plans detailing the location of the requested service installation and/or extension and details of demand requirements.

***Required Fees***

Applicant is required to pay a Non-Standard Service Investigation Fee of \$2,600.00 to the LHM WSC in accordance with Section G. 1. B. of the Corporation's tariff for purposes of paying initial administrative, legal, and engineering fees. LHM WSC will refund any balance that remains after it has completed its service investigation, and has completed all legal and engineering services associated with processing a request.

In the event the Investigation Fee is not sufficient to pay all expenses incurred by LHM WSC, the Applicant agrees to pay all additional expenses that have been or will be incurred by LHM WSC and LHM

WSC will have no obligation to complete processing of the Applications until all remaining expenses have been paid.

***Corporation's response to service request***

LHM WSC will prepare a written response to Applicant's service request within 90 days from the date the application is submitted *and* the required fees are paid. The Corporation's response will state the timeframe within which the requested service can be provided, and the costs for which the Applicant will be responsible, which may include capital improvements, easements or land acquisition costs, and professional fees.

Applicant has received and reviewed Section F of the Corporation's tariff and agrees to comply with all the requirements contained therein.

Under penalties of perjury, I declare that I have reviewed the information presented in this Application, including accompanying documents, and to the best of my knowledge and belief, the information is true, correct and complete.
