The Little Hope Moore Water Supply Corporation (LHMWSC) Board of Directors held a public meeting on October 7, 2024 and voted to increase monthly rates on water service for all members. The Directors on the board consider the rate increase is necessary to support the construction of Plant 3 and current upcoming projects that are critical for maintaining system infrastructure and support the escalating costs of operations. These vital improvements further ensure the continuous strategic efforts that will secure the longevity of our water system.

LHMWSC Board of Directors have approved a \$18.96 increase to the base meter charge and an increase on each tiered rate for cost per thousand-gallon usage. These rate adjustments will be reflected in your billing beginning January 2025.

Subsequent years will also require additional increases, but rest assured that the LHMWSC will make every effort to meet financial goals and contain costs while continuing to provide quality water to our community.

The LHMWSC staff and board of directors appreciates your membership and requests your patience as we continue these endeavors. We remind you that these upgrades are essential to not only continue quality service to the membership but also to ensure the longevity of the water system for many years to come.

LHMWSC's Board of Director Meetings are held once a month at 6:00 P.M. at the LHMWSC Office, except for the Annual meeting held in February. Members are encouraged to attend. To be placed on the agenda, please contact the LHMWSC Office five (5) days before the meeting.
